

## UTAH SENATOR WANTS LEAGUE TO STOP MASSACRES BY TURKS

BY HARRY HUNT

SENATOR KING

WASHINGTON.—Failure of the United States to declare war upon Turkey during the world war has tied our hands in dealing with the increasing massacres of Christians by Turks in Anatolia, Pontus and other districts of the Near East, declares Senator William H. King of Utah. King has introduced in the Senate a resolution "deploring the failure of European powers to take effective measures and requesting the president to bring the attention of the league of nations to the atrocities."

However, King says, it appears "most doubtful" if the resolution will be adopted.

**ARMENIANS "CALLOUS"**  
"We have grown callous," he says. "Although it appears that the Turks are proceeding on a definite program for the extermination of the Armenians and Pontian Greeks, we remain indifferent and feeble."

"Notwithstanding that the Republic which the Armenians established following the war was recognized, the Bolshevists on the north and the barbarous Turks in Asia Minor have crushed it, if not destroyed it."

"If our government had declared war, as it should have done, against the Turkish empire, we would have had a voice in the treaty of Sevres. That treaty, signed Aug. 10, 1920, by

Turkey, with Great Britain, France, Italy and Japan, demands full and complete protection of life and liberty to all inhabitants of Turkey, without regard to birth, nationality, race or religion."

**TREATY IS VIOLATED**  
"When Turkey signed the armistice, the persecutions which had continued up to that time ceased."

"Just after the treaty of Sevres was signed, it would appear that jealousies entered into the councils of the allied nations participating in that treaty. As a result, if they did not actually abandon the treaty, they failed to enforce it."

Whereupon came a revival of cruelties and persecutions of all Christian peoples within Turkish territory.

"Unless some steps shall be taken by forces outside of Turkey, there seems to be no hope of salvation for these unfortunate people whose only offense is that they are Christians."

**DEADLIER THAN EVER**  
"Under the regime of Mustapha Kemal, wholesale slaughter and atrocities against Christians have been more violent and deadly than before."

"I have the names of a large number of cities, towns and villages all of which have recently been destroyed and the population either slaughtered or driven into the wilds of Anatolia to perish."

"Churches and monasteries where women and children have sought refuge have been invaded and, after pillaging and plundering, the women and children were butchered or burned in the flaming buildings."

"The gendarmes and the three constituting the Turkish hands have revealed in atrocious orgies against the Christian women."

"Certainly there can be no propriety in this government appealing to the league of nations, which is linked with the Sevres treaty, with a view to securing its intervention to prevent further bloodshed and massacre."

## PREDICTS WESTERN ORCHARDS' DECLINE

HARRISBURG, Pa., Mar. 15.—The apple industry in the state of Washington has reached its peak and the United States census of 1920 will place it below Pennsylvania, New York and Virginia, in the opinion of S. W. Fletcher of the agricultural extension department, Pennsylvania State college. The western industry, he declares, is more speculative than that of this section, and to that cause he attributes its fall in comparison with the more conservative eastern states.

## Dorothy Dalton's Beauty Chat

LOS ANGELES, CAL.—Miss Dorothy Dalton, the actress famous the world over for her beautiful complexion, says: "Any girl or woman can have a beautiful complexion and clear, smooth, unblemished skin like mine. It is not a matter of fate, but of care. If they will follow my advice and use Dorothy's skin cream, they will have a complexion with Liska cold cream. Both are simple, but very effective toilet preparations. I use Dorothy's skin cream, and the instant beauty, Liska cold cream, to cleanse the skin and make it soft and smooth."

Dorothy Dalton

It is easy to apply, almost instantly harmless, and has a marvelous effect upon the skin. One application proves it. Try this combination today on your face, neck, hands and arms, and you will be delightedly surprised. Dorothy's skin cream in three shades: flesh, white and brunette. At all counters everywhere.—Advertisement.

## Hair Often Ruined by Careless Washing

Soap should be used very carefully. If you want to keep your hair looking its best, most soaps and shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is Multifid coconut oil shampoo (which is pure and greaseless) and is better than anything else you can use.

Two or three teaspoonfuls of Multifid in a cup of water with a little warm water is sufficient to cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub in. It makes an abundance of rich creamy lather, which rinses out easily, removing every particle of dirt, dirt, dandruff and excess oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get Multifid coconut oil shampoo at any pharmacy. It's very cheap, and a few ounces will supply every member of the family for months. Be sure your druggist gives you Multifid.—Advertisement.

## Men Blind to Woman's Suffering

How many men, think you, have any idea of the pain endured by women in their own households, and often without a murmur? They have no patience when the overworked wife and mother begins to get pale, have headaches, backaches, faint spells, or is melancholy and cannot sleep. There is help for every woman in this condition, as evidenced by the many voluntary letters of recommendation which we are continually publishing in this paper for Lydia E. Pinkham's Vegetable Compound. It will pay any woman who suffers from such ailments to give it a trial.—Advertisement.

## Man's Trouble Arrested

"The past 4 years I have been going down, down, down with catarrh of the stomach and had to give up work a year ago because of my weakened condition. I suffered terribly from bloating and colic attacks. May's Wonderful Remedy was recommended to me. I took a course of it and am now feeling fine." It is a simple, harmless preparation that removes the catarrh, mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by A. R. McIntyre Drug Co. and druggists everywhere.—Advertisement.

TRAMPS DISCARD ROLLS.  
SANTA ROSA, Cal.—Tramps these days are discarding their blanket rolls for suitcases. Tax Collector Virgil Butts of Santa Rosa, declared here recently after driving to a tax collectors' convention in Redding, Butts drove alone and chanced to pick up several men who were walking along the highway carrying suitcases or grips. One of the men told him that the blanket rolls were being discarded on automobile highways because kindly disposed drivers were usually wont to pass up the man with the blankets but would pick up a man with a suitcase.

Both refused to make statements concerning the manner in which they received their wounds. Feltman was removed to a Trenton hospital and is reported in a precarious condition.

The police are investigating the circumstances of Mrs. Gravatt's absence from home for five months prior to February 25. Feltman was reported as having been missing during the same period.

**SOLE SURVIVOR.**  
SAN FRANCISCO.—Down at the ferry building here an old newspaper vendor, William B. Osborn, aged 81, sits in the sun and dreams, perhaps of 75 years ago this month when he arrived in San Francisco from New York. Osborn is said to be the sole surviving member of "Stephenson's Regiment," comprising about 100 men and their families, recruited in the east and sent around Cape Horn in 1847 to settle in California.

Women are eligible to serve on juries of only nine states.
